EQUINE EXPRESS TRANSPORTATION

Equine Express NA, Inc. has partnered with Triangle Sales to offer a safe and reliable way to get your new purchase home from the sale. After the new owner (if available) or Triangle Sales (acting as agent for the new owner) signs the transportation Bill of Lading contract (releasing Equine Express of responsibility, but under our liability), we will remove the horse from the sale grounds by the deadline given by Triangle Sales. The horse will come to our facility in Pilot Point, TX, as a layover until the horse can board one of our trucks to your destination. Triangle Sale horses will take priority, but we don't run every route every week, so some horses will have to layover with us longer. All new owners of the sale horses will be responsible for \$25/day board while with Equine Express. Board will include Purina feed, coastal and alfalfa hay, a clean private stall, and daily turnout (if requested). PLEASE NOTE: We service most of the United States, but there are some areas that are hard to service. Please call and talk to the dispatcher about your specific destination. Also, Equine Express works with Equiflight, LLC to fly horses internationally.

How to set up shipment for your horse with Equine Express NA, Inc!

1. Call Caleb Alexander, our sale representative, and ask for a quote from the Triangle Sale to the town and state where you want the horse delivered. Please have ready the age and gender of the horse(s) you are considering from the sale.
2. Go to www.equineexpress.com and click "Book Trip." This will be a form you fill out with your information as the customer, where the horse is located, where you want it delivered, horse info, and quoted amount. There is NO booking fee or deposit. We understand this will be a tentative booking, depending on if you purchase the horse or not, but it gives us an idea of how to best plan transportation for your horse. We will take credit card info for the entire transportation and board amount, once you know you have purchased a horse.
3. If you are not at the sale, but purchase a horse, please call Caleb directly, so we can get the transportation and sale paperwork taken care of for you!

GENETIC DISEASE RESULTS AND DESCRIPTIONS

Genes come in pairs; each parent contributes one copy to the offspring. With respect to the autosomal dominant genetic diseases listed below (HYPP, PSSM, and MH) only one defective gene is necessary to express the genetic disease in question. Such gene can be inherited from either of the parents or from both of the parents. With respect to autosomal recessive genetic diseases listed below (GBED and HERDA), typically, two copies of an abnormal gene (two copies = 1 pair) must be present in order for the horse to show signs of the genetic defect in question. Horses with only one copy of the defective gene are considered "carriers".

GBED – Glycogen Branching Enzyme Deficiency. Fatal disease of newborn foals caused by defect in glycogen storage. Affects heart and skeletal muscles and brain. Inherited as a recessive gene.

Possible results:

N/N	Normal – horse does not possess the disease-causing GBED gene.
N/G	Carrier – Heterozygous (one normal and one GBED gene).
G/G	Affected – horse has two copies of the GBED gene.

HERDA – Hereditary Equine Regional Dermal Asthenia. Skin disease characterized by hyperextensible skin, scarring, and severe lesions along the back of affected horses. Typical onset is around 2 years of age. Inherited as a recessive disease.

Possible results:

N/N	Normal – horse does not have the HERDA gene.
N/HRD	Carrier – horse carries one copy of the HERDA gene.
HRD/HRD	Affected – horse has two copies of the HERDA gene.

HYPP – Hyperkalemic Periodic Paralysis. Muscle disease caused by defect in sodium channel gene that causes involuntary muscle contraction and increased level of potassium in blood. Inherited as a dominant disease. Two copies of the defective gene produce more severe signs than one copy.

Possible results:

N/N	Normal – horse does not possess the disease-causing HYPP gene.
N/H	Hyperkalemic – Heterozygous (one normal and one HYPP gene).
H/H	Affected – horse has two copies of the HYPP gene.

MH – Malignant Hyperthermia. Rare but life-threatening skeletal muscle disease triggered by exposure to volatile anesthetics (halothane), depolarizing muscle relaxants (succinylcholine), and stress. Presumed inheritance as a dominant disease.

Possible results:

N/N	Normal – horse does not have the MH gene.
N/MH	Affected – horse has one copy of the MH gene.
MH/MH	Affected – horse has two copies of the MH gene.

PSSM1 – Polysaccharide Storage Myopathy Type 1. Muscle disease characterized by accumulation of abnormal complex sugars in skeletal muscles. Signs include muscle pain, stiffness, skin twitching, sweating, weakness and reluctance to move. Inherited as a dominant disease.

Possible results:

N/N	Normal – horse does not have the PSSM1 gene.
N/PSSM1	Affected – horse has one copy of the PSSM1 gene.
PSSM1/PSSM1	Affected – horse has two copies of the PSSM1 gene.

Upon any such return, the owner will owe Auctionware, LLC the sale expenses and sale commission (8%) or \$1,000.00, whichever is greater, and the cost of all veterinary services performed. All arrangements and expenses to return the horse are solely those of the owner.

If the horse is found by the second veterinarian to not have the alleged issue or defect, the sale of said horse is valid and enforceable and the buyer assumes all costs associated including veterinary services.

It is the intent of AuctionWare, LLC to make every effort to record the entire auction which shall be used to settle disputes regarding statements made about horses while in the auction arena. In the event of disputes, the final veterinary examination and recording will be used to settle said dispute.

8 UPSET BID

Unless waived by announcement, there shall be a minimum "upset (starting) bid" of \$1,000.00 for any horse presented for sale. If the "upset (starting) bid" is not received, the horse shall be automatically considered withdrawn by the owner as unsold and all expenses become due by owner to AuctionWare, LLC. No horse will be sold for less than \$1,000.00.

9 OWNERS RIGHT TO BID

10 BIDDING PROCESS, DISPUTES, MALFUNCTIONS

The Auctioneer reserves the right to reject any and all bids. Should any dispute arise between two or more bidders, the Auctioneer shall settle said dispute and that decision shall be absolute, final and binding on all parties. BIDS RECEIVED AFTER THE FALL OF THE AUCTIONEER'S GAVEL ARE NOT GROUNDS FOR DISPUTE.

In case two or more bidders claim the final bid, the Auctioneer may re-open the bidding procedure and ask for advanced bids, solely between the bidders having claimed the last bid. If there is no advanced bid, the horse shall be sold to the bidder from whom the Auctioneer recognized the final

bid. If the bid should be reduced below the disputed bid, the Auctioneer may re-open the bidding with the highest bidder becoming the buyer regardless of whether the final bid equals or exceeds the original disputed bid.

In the event of known equipment malfunction, the auction will be stopped. If the malfunction has not affected the sale of horses sold prior to the malfunction, they will be considered sold. The auction will proceed upon correction of the malfunction.

11 TITLE AND RISKS

Title transfers immediately to the buyer at the final fall of the Auctioneer's gavel. Title transfer includes all risk of loss including but not limited to illness, injury or death of the horse. Additionally, at title transfer, the buyer assumes all responsibility for the care and maintenance of the horse, for any loss or damage to property and for injury or death of persons caused by the horse, buyer or buyer's employees. Additionally, buyer agrees to hold harmless AuctionWare, LLC for such loss or damage. TITLE AND RISKS ARE ASSUMED BY THE BUYER WHETHER OR NOT SETTLEMENT AND DELIVERY HAVE BEEN MADE. THIS SHALL ESPECIALLY BE THE CASE WITH PURCHASES MADE BY PHONE OR ONLINE.

12 BUYERS ACKNOWLEDGEMENT OF PURCHASE AND SECURITY AGREEMENT

After making a winning bid on a horse, a Buyers Acknowledgement Of Purchase And Security Agreement will be completed by the buyer (or on behalf of the registered phone/online bidder) that will confirm the hip number and final sale price for invoicing and transfer. Any buyer who makes a winning bid and signs (or so authorizes the signing of) the Buyers Acknowledgement Of Purchase And Security Agreement is responsible for that purchase and cannot assign new ownership to a second party unless approved by AuctionWare, LLC. In the event a clerical mistake is made regarding the written entry of the final bid on the Buyers Acknowledgement Of Purchase And Security Agreement, that correction will be made with no liability to AuctionWare, LLC. All disputes regarding final bids shall be settled by Auctioneer and/or sale recording.

13 RESALES

If the highest bidder fails to immediately execute the Buyers Acknowledgement Of Purchase And Security Agreement or otherwise fails to comply with these terms or in the event of an announced mistake by the Auctioneer, AuctionWare, LLC reserves the right to accept the same purchase amount from another buyer, accept the next highest bid, put the horse up for sale a second time, or retain the horse for the owner as unsold. However, nothing shall prevent AuctionWare, LLC and/or the owner from pursuing whatever legal remedy may be available to compel the original buyer to perform as set out herein.

Any horse purchased by a defaulter may be resold by AuctionWare, LLC at public or private sale without notice for buyer's account. Costs of such resale will be those of the defaulter. Should such resale fail to satisfy the defaulter's account in full, defaulter will immediately pay to AuctionWare, LL, the amount owing or be subject to legal suit. The defaulter will be responsible for all costs, including attorney's fees incurred by AuctionWare, LLC in collection of amounts owing for horse(s) purchased, or in enforcement or interpretation of this term of sale.

17 LIEN/SECURITY INTEREST

To secure the payment of the purchase price and expenses for any horse purchased, together with all other indebtedness owed or hereafter owing by the buyer to AuctionWare, LLC the buyer hereby grants a purchase money security interest and lien in and to each horse described in or covered by the Buyers Acknowledgement Of Purchase And Security Agreement and all accounts, contract rights, registration papers, breeder's certificates, records, general intangibles, proceeds and products relating thereto.

18 TRANSFERS/REGISTRATION CERTIFICATES

Buyer will receive original registration certificate directly from the AQHA and APHA after the transfer process is complete. Registration certificate and completed transfer for breed registries other than AQHA and APHA will be mailed by AuctionWare, LLC to the buyer. Any registration certificate being processed by the proper breed association at the time of sale, will be forwarded to AuctionWare, LLC which, in turn, will be sent directly to the buyer.

19 HALTERS

A complimentary shipping halter and lead will be provided for each horse sold. Buyers may pick up halters in the sale office after full account settlement has been made. DO NOT leave the auction arena with any leather show halter provided by AuctionWare, LLC.

20 STABLE RELEASE

To remove a horse from the sale grounds, buyer must obtain a stable release from the sale office after full settlement. Buyer must present gate security the release to remove any horse from the sale grounds. Hip number must be present and legible for horses to be released from the sale grounds.

NOTES: "Fluffy" is a Gypsy Vanner x Friesian gelding. He is a once in a lifetime horse that you don't want to miss. He is the old trusty you grab up out of the pasture for any job. He is fancy broke with a reining trained foundation. He will spin, stop, circle and switch leads just like a quarter horse. He will lay down, sit up and ride around bridleless. He is the one you want to be mounted on when you have to rope a cow, doctor yearlings, pick up at the rodeo, or carry the flag for the National Anthem. And he even drives! He has been there, done that, and seen it all. This gelding is drop dead gorgeous, fancy, and as broke as one can get. "Fluffy" is the gelding that every horse owner would love to have in their barn. He is 15.2 hands, no vices, clean x-rays, and is an easy keeper.

NOTES: This cool looking, strawberry roan is just flat out handy, in or out of the arena. He stands 15 hands and weighs 1,250 lbs, and is a big boned gelding with correct conformation and great feet. He's so broke that you can rope on him in a halter. Heading steers on "Hondo" is simple. Scores perfectly, flies to cattle and finishes with a snappy face. Heeling on "Hondo" is just as much fun. He's going to cow to a steer and finishes with a smooth stop. He has the athletic ability demanded by the upper numbered ropers and the gentle kind soul appreciated by the rest of us. He is very experienced doing all the ranch chores and is very familiar with earning his keep outside. He has been shown in the Ranch Riding and finished at the top end of his class. He is easy to be around, simple to clip, bathe, shoe, and has impeccable ground manners. Will be shown in the roping preview.

NOTES: Little cowboys look no further! Here's "Pistol", the perfect pony for any small rider. He is gentle and loves attention. "Pistol" neck reins, moves off of leg cues and know his leads. He has been roped on and goes anywhere, down the trail, through creeks and over logs. He rides by himself or in a group. He will lay down for the smallest rider to get on! Loads easily and trailers well, is easy to shoe and lets his feet be handled. If you're looking for the perfect pony for your lil' cowboy or cowgirl, don't miss "Pistol"!

NOTES: This is an all-around Welsh Pony gelding. "Tonto" is a 7 yr old Welsh Pony & Cob Society of America Inc registered gelding. He rides around one handed, nice stop and spins, breaks at the poll. He watches a cow nicely and tracks a cow even better. He's been used outside, drug calves on, headed/heelled on, started on breakaway (not out of a box, due to no fault of his own). But he is broke enough you could take him to town, back him in the box and he would get the job done. This guy is all heart, and he can fly if you ask him to. No buck, bite, or kick. Not much bothers him. You can pop a bullwhip on him, crawl all over him, standup on him, etc. He even pulls a wagon.

NOTES: If you're ready to go to the next level showing in the versatility, this could be the horse for you. This 2 yr old was trained by Sam Schaffhauser in the reining. We acquired him his 3 year old year, and he has been a go to for us on the ranch ever since. "Major" is 15.1 hands and stout. He has a huge stop, plenty of cow, a big turn, and lots of try. From doctoring yearlings, ponying colts, and dragging calves, to competing in ranch horse competitions, "Major" has been a success at it all. Check out this big, strong, gelding on his video and in the ring.

NOTES: This big, pretty, red dun with striped legs stands 15.2, weighs 1350. We've owned him since he was a yearling. He was started as a ranch and trail horse and would make a great head horse. He has spent time doctoring yearlings in the pasture, has been used in the sale barn, roped in the arena, started tracking and is ready for the box. He has an awesome handle, super stop and can be ridden bridleless. He will drag anything, lay down on command and side pass. He has the kindest eye and most gentle personality you could ask for, with no bad habits and no buck!

She is a finished reiner that is smooth to ride with fast spins and huge stops and is awesome to ride. The kids all love to ride her and she is sweet to be around. Show her, ride her and then enjoy her as a broodmare. She would make an outstanding broodmare with her pedigree, looks and color. You don't see mares like her every day so don't miss out on this great opportunity to own an own daughter of the great reining horse A SPARKLING VINTAGE, out of an own daughter of the famous HOLLYWOOD DUN IT. "Clancy" is smooth and easy going providing the perfect ride for any level of rider. He has competed and won money in ranch sorting and ranch cutting. Most recently he has been used on a large yearling operation to sort and doctor cattle in the pasture. "Clancy" is always very safe, quiet minded and will give you a nice relaxing ride. NOTES: If you are looking for a ranch horse deluxe, "Bo" is the real deal. This gelding is cowboy bay, very cowy, and cutting trained as a 2 yr old. He has roped in the pasture, doctoring cattle, caught wild cattle, drug in the trailer and drug calves to the fire. Stands 14.3 hands and easy on the eye. He hauls, loads and shoes great. He pulls strong from the horn and has been heeled in the arena. As a foal his lower growth plates grew too fast. He is crooked in the lower pasterns. Never takes a bad step and can really stick it in the ground, a big stopper. Keep him shod correctly, teeth floated 12/11/20, current on all shots, wormed 12/5/20. Sells sound.

He has a great handle, has been ridden outside a lot, around fair grounds. Nothing phases this nice horse. He has been used to gather cattle, roped the donkey and drug a sled. He lopes off quiet, smooth and has a big stop. If you're looking for a gentle, quiet, level headed gelding that would make a spectacular versatility horse, this is him. See him in the cutting preview.

NOTES: "Fred" stands 15.3 hands, weighs 1,350 lbs, and currently holds the record for biggest caboose here on the farm. With his big build, muscle tone and flaxen mane and tail, this guy gets noticed wherever we take him. "Fred" has been used by first time riders out on the trails crossing rivers and ditches. Anybody that gets on him will absolutely get along. He is the same horse whether you ride him every day or leave him off a month. He has been put to work in the pastures doctoring and gathering cattle, and used to pony colts. He's been our go to horse for every single job here on the farm. "Fred" has been making progress as a head horse when we've hauled him to a couple of local jackpots and has been lightly patterned on the barrels. This gelding has more run than a sports car and will ride around like he's 14.2. Will be shown in the roping preview. Sells 100% sound.

PERFORMANCE RECORD: RCHA money earner. In 2020: split 4th Southwest RCHA August Snaffle Bit 5 & Under Open class; 4th SHOT Amarillo Texas Ranch Reining Open; 4th SHOT Amarillo Texas Ranch Reining Level 1 Open.

NOTES: This absolutely gorgeous gelding is built like one should be, athletic, talented, and bred to be a true cow horse. Anything you want to do horseback you can do on "Peppy". He cuts, reins, ropes and has been used all over our ranch. "Peppy" was shown at the 2020 NRCHA Snaffle Bit Futurity, multiple Versatility Ranch Horse shows, and is a money and point earner. He has been shown in all the Stock Horse of TX events and AQHA Versatility classes. He's extremely cowy with a deep stop and cow sense. He runs a super easy reining pattern with good lead changes, and has fast spins. "Peppy" is great to rope on. Good in box, leaves flat, can really run with great rate and timing. He would finish out to be a top head, heel, breakaway or calf horse. He works the rope, is strong from the horn, and big stops. "Peppy" will be fun for any level of competitor to go show in the cow horse, cutting and Versatility shows or will be your go to ranch horse. See him in the cutting preview. Will be shown on cattle sale day..

NOTES: This is a no nonsense kind of filly, one that won't come untrained with time off or inexperienced hands. She has been grabbed out of the pasture and taken to gather, rope, and sort cattle. She has been hauled to cow horse shows and has drawn a check. This mare has a well established reining foundation; she will spin a hole in the ground, switch leads, circle and stop. She is dependable for long days on the ranch and is safe to throw beginners on. She is good minded, easy to be around and eager to please. This mare will lay down with just the snap of a finger and proudly sit back up to see all the heads turned her way. She was bred by Bloody Cross Cattle Company of Carthage, Missouri, and possesses the mind, the looks, the grit and the ability that they desire to produce. This mare does it all. In training with Isaiah Chandler.

NOTES: "Wimpy" is a gelding that you don't come across everyday. Ivan Raber has been at the helm since we have owned him. "Wimpy" is hands-down, a barn favorite. His long blonde mane and tail with the palomino color will turn heads everywhere you go. He has the size to be a head horse and the sliding stop to be a heel horse or a successful reining horse. He would be a great partner to excel with in multiple events. Big time opportunity and ready to go. NRHA License.

NOTES: "Shovel" is a daughter of the great Spade Ranch stallion, WHOS FOOLIN. She spent time in cutting training before going on to a full time job working on a stocker operation. She has been used in every aspect. Has doctored hundreds of yearlings, used to sort and ship on. She can make a full days work and you'll end your day with as much horse as you started your day with. She's level headed and easy to get along with. She'd be great to take on as a ranch versatility prospect or continue using her on your ranching operation. I purchased this horse in January 2019, and immediately sent her to a #8 header for 4 months of training. I brought her back home and used her on the ranch, roping pasture cattle. From November 21 to December 18, she will be receiving additional cutting training. AQHA Ranching Heritage Challenge eligible.

RADIOGRAPH REPOSITORY TERMS

Participating owners, bidders, buyers and veterinarians agree to the following terms:

All radiographs must be taken within 60 days of the first sale session and must be submitted no later than 5:00 pm CST, 7 days before the first sale session.

Given that horses can and do injure themselves, images may be added to the repository for an “area of concern”, if the original upload has already been accomplished. A corresponding report from the veterinarian is required and the images must be added during the regular submission date range.

Label For The Studies:

Hip Number (as it is in the catalog), Sire, Dam and Owner (consignor as listed in the catalog)

Any radiographs received that do not clearly describe the horse, owner, veterinarian, and date will be discarded.

Owners will be held responsible for associating radiographs with the horse(s). If the horse name is changed in the radiographs knowingly or unknowingly, or if the images have been tampered with, the owner is responsible for any charges and/or damages incurred from a dispute.

Neither Asteris Keystone Community nor Auctionware, LLC/Triangle Sales will be reviewing or screening images for positioning or technique. This is the responsibility of the submitting veterinarian at the time of acquisition.

The following views are recommended:

Both carpi: DLP MO, PLDMO (just off lateral), flexed lateral medial

Both hocks: Just off DP 10 degrees (slight DLP MO), lateral medial, PLDMO

Both stifles: Lateral medial (getting the proximal tibia as well as the trochlear ridges of the femur and patella) and a plantar anterior, as long as the condyles are visible

The following views are suggested:

Both front fetlocks: DP, flexed lateral medial

Both hind fetlocks: DP, standing lateral medial

For horses 2 years and older it is also suggested to have the front feet radiographed 60 degree DP and Skyline.
