AQHA HEALTH PANEL TESTING

Genes come in pairs; each parent contributes one copy to the offspring. With respect to the autosomal dominant genetic diseases listed below (HYPP, PSSM, and MH) only one defective gene is necessary to express the genetic disease in question. Such gene can be inherited from either of the parents or from both parents. With respect to autosomal recessive genetic diseases listed below (GBED and HERDA), typically, two copies of an abnormal gene (two copies = 1 pair) must be present for the horse to show signs of the genetic defect in question. Horses with only one copy of the defective gene are considered “carriers”.

GBED – Glycogen Branching Enzyme Deficiency. Fatal disease of newborn foals caused by defect in glycogen storage. Affects heart and skeletal muscles and brain. Inherited as a recessive gene.

Possible results:

N/N	Normal – horse does not possess the disease-causing GBED gene.
N/G	Carrier – Heterozygous (one normal and one GBED gene).
G/G	Affected – horse has two copies of the GBED gene.

HERDA – Hereditary Equine Regional Dermal Asthenia. Skin disease characterized by hyperextensible skin, scarring, and severe lesions along the back of affected horses. Typical onset is around 2 years of age. Inherited as a recessive disease.

Possible results:

N/N	Normal – horse does not have the HERDA gene.
N/HRD	Carrier – horse carries one copy of the HERDA gene.
HRD/HRD	Affected – horse has two copies of the HERDA gene.

HYPP – Hyperkalemic Periodic Paralysis. Muscle disease caused by defect in sodium channel gene that causes involuntary muscle contraction and increased level of potassium in blood. Inherited as a dominant disease. Two copies of the defective gene produce more severe signs than one copy.

Possible results:

N/N	Normal – horse does not possess the disease-causing HYPP gene.
N/H	Hyperkalemic – Heterozygous (one normal and one HYPP gene).
H/H	Affected – horse has two copies of the HYPP gene.

MH – Malignant Hyperthermia. Rare but life-threatening skeletal muscle disease triggered by exposure to volatile anesthetics (halothane), depolarizing muscle relaxants (succinylcholine), and stress. Presumed inheritance as a dominant disease.

Possible results:

N/N	Normal – horse does not have the MH gene.
N/MH	Affected – horse has one copy of the MH gene.
MH/MH	Affected – horse has two copies of the MH gene.

PSSM1 – Polysaccharide Storage Myopathy Type 1. Muscle disease characterized by accumulation of abnormal complex sugars in skeletal muscles. Signs include muscle pain, stiffness, skin twitching, sweating, weakness, and reluctance to move. Inherited as a dominant disease.

Possible results:

N/N	Normal – horse does not have the PSSM1 gene.
N/PSSM1	Affected – horse has one copy of the PSSM1 gene.
PSSM1/PSSM1	Affected – horse has two copies of the PSSM1 gene.

7 RIGHT OF RETURN – 24 HOUR RULE

BUYERS CANNOT HAVE A VETERINARIAN PERFORM WHAT IS KNOWN AS A COMPLETE PRE-SALE EXAMINATION OF ANY HORSE AFTER PURCHASE. If any horse is not as represented in the sale catalog or as announced, or if owner fails to disclose at time of sale any of the limited warranties described in Paragraph 5 above, horse is subject to return by the buyer.

Western Bloodstock LTD dba Triangle Sales may require testing by a second veterinary source of its choice to determine if the horse had the issue at the time of sale. Said veterinarian's decision will be final.

If the veterinarian determines that the issue or defect(s) was present at the time of sale and was not announced, the horse will be subject to return. Upon any such return, the owner will owe Western Bloodstock LTD dba Triangle Sales the sale expenses and sale commission (8%) or \$1,000.00, whichever is greater, and the cost of all veterinary services performed. All arrangements and expenses to return the horse are solely those of the owner.

If the horse is found by the second veterinarian to not have the alleged issue or defect, the sale of said horse is valid and enforceable and the buyer assumes all costs associated including veterinary services.

It is the intent of Western Bloodstock LTD dba Triangle Sales to make every effort to record the entire auction which shall be used to settle disputes regarding statements made about horses while in the auction arena. In the event of disputes, the final veterinary examination and recording will be used to settle said dispute.

8 UPSET BID

Unless waived by announcement, there shall be a minimum "upset (starting) bid" of \$1,000.00 for any horse presented for sale. If the "upset (starting) bid" is not received, the horse shall be automatically considered withdrawn by the owner as unsold, and all expenses become due by owner to Western Bloodstock LTD dba Triangle Sales. No horse will be sold for less than \$1,000.00.

9 OWNERS RIGHT TO BID

This auction is conducted "with reserve", meaning the right to bid is reserved by the owner. To protect the desired sale price for the horse, owner or its representative must:

- a. be the final bidder and sign the Buyers Acknowledgement of Purchase and Security Agreement OR
- b. deliver a completed official reserve bid form to Western Bloodstock LTD dba Triangle Sales, (either in the sale office or at the auction block with assistance of a sale staff member) prior to the sale of the horse OR
- c. instruct Western Bloodstock LTD dba Triangle Sales, or its designated representative of the amount of the reserve bid

Owner must make known to Western Bloodstock LTD dba Triangle Sales for announcement that the horse has been repurchased or passed-out BEFORE LEAVING THE AUCTION ARENA. UPON REPURCHASE, OWNER AND BIDDERS ARE ENCOURAGED TO COMPLETE A SALE, IF POSSIBLE, AND AGREE TO STRICTLY HANDLE THE TRANSACTION THROUGH THE SALE OFFICE.

Western Bloodstock LTD dba Triangle Sales reserves the right to bid on the behalf of the owner up to the amount of the reserve bid. If the owner or its representative makes a final bid equal to or greater than the reserve, owner will pay the 8% sale commission due.

10 BIDDING PROCESS, DISPUTES, MALFUNCTIONS

The Auctioneer reserves the right to reject all bids. Should any dispute arise between two or more bidders, the Auctioneer shall settle said dispute and that decision shall be absolute, final, and binding on all parties. BIDS RECEIVED AFTER THE FALL OF THE AUCTIONEER'S GAVEL ARE NOT GROUNDS FOR DISPUTE.

In case two or more bidders claim the final bid, the Auctioneer may re-open the bidding procedure and ask for advanced bids, solely between the bidders having claimed the last bid. If there is no advanced bid, the horse shall be sold to the bidder from whom the Auctioneer recognized the final bid. If the bid should be reduced below the disputed bid, the Auctioneer may re-open the bidding with the highest bidder becoming the buyer regardless of whether the final bid equals or exceeds the original disputed bid.

In the event of known equipment malfunction, the auction will be stopped. If the malfunction has not affected the sale of horses sold prior to the malfunction, they will be considered sold. The auction will proceed upon correction of the malfunction.

11 TITLE AND RISKS

Title transfers immediately to the buyer at the final fall of the Auctioneer's gavel. Title transfer includes all risk of loss including but not limited to illness, injury, or death of the horse. Additionally, at title transfer, the buyer assumes all responsibility for the care and maintenance of the horse, for any loss or damage to property and for injury or death of persons caused by the horse, buyer, or buyer's employees. PERFORMANCE RECORD: NCHA earner of \$441. In 2022: 5th Arbuckle Mountain Derby Senior Amateur.

NOTES: This is a really nice young mare. Don't let the fact that she doesn't have much for NCHA earnings scare you off! Despite a late start on cattle, we consistently made solid, respectable runs marking 210's at the NCHA Amateur Futurity and Super Stakes. Unfortunately, since bringing her home after the Super Stakes, I have experienced health issues and a lack of availability to work cattle, so she has not progressed to the level she can. Undoubtedly, she would thrive in a consistent cattle program where she could reach her full potential. Trained by Cara Brewer, she is very sweet, easy to be around, smooth to ride and has no bad habits. Will be shown on cattle sale day.

NOTES: This super cute, buckskin gelding is just the perfect size for an all-around gelding. A sharp looker with more shape than you can find anywhere in the country, he has done it all and will do anything you want to do on horseback. We had him in Colorado, trail riding and gathering cows in the mountains last summer. He proved to be sure-footed across the various terrains, including the canyons and flowing rivers. He is a point-and-go type ride that has a really nice handle and can be ridden with a one-hand neck rein easily guided wherever you send him. Started on the heel side, "Bobby" is handy on an obstacle course. Stands 14.3 hands and sells 100% sound. Will be shown in the reining and team roping preview. HYPP N/N.

NOTES: "Dually" is a flashy sorrel that will stand out in a crowd. A perfect example of the ideal Quarter Horse with his stocky build, big round hip and perfectly shaped head, he is the kind everyone is looking for. He has been ridden by various levels of riders, from beginners to experienced, and is the type of horse you can leave off for extended periods and when you saddle him up, he will be gentle, quiet and broke. Always calm and collected, he has been ridden on trail rides through the woods, across the river and along the busy streets and would be the perfect consideration for a family horse. His natural cow instinct made him a prime roping candidate and has been heeled off at local jackpots and started on the head side; he always stays quiet in the box, leaves smooth and rates cattle, giving the roper a great shot. NOTES: "Pepper" has the bone and structure to last forever. Standing 15.2 hands and weighing 1,250 lbs, this eye-catching gelding moves like a little horse. His previous owner rode him through the country on many overnight and week-long trail rides. We purchased him a little over a year ago, he was quiet and broke enough to take right to cattle and his natural cow made his training an easy task. He has developed a good foundation on the head side with a nice move on the corner, he has what it takes to make a big-time head horse. Always quiet in the box, scores very well, leaves flat, has a lot of run, natural rate and is stout to the horn. We have used him extensively for all the ranch chores, making numerous trips to the pasture checking and doctoring pairs and have also ponied colts. He is really a nice all-around hand to have around. Sells sound. Will be shown in the team roping preview.

NOTES: "Salty" is one punchy pony! Don't let her size fool you. This is a one-of-a-kind pony, and she is only four years old. Super athletic! She is great for a kid or adult. Day work off her, drag calves, head or heel (slow or fast), breakaway, team pen, sort, ride up in the mountains, you can literally do anything with her. This is a true ranch pony that has a ton of grit and heart. 100% sound. Watch her video to see how special she is.

PERFORMANCE RECORD: Earner of 10 AQHA points. In AQHA competition: 2 reining (Level 3) points in open events.

NOTES: "Cash" is a unique colored buckskin gelding that will stand 15 hands and weighs 1,150 lbs. I have been showing him all spring and summer long in Reining, Ranch Riding, Ranch Pleasure, Ranch Trail and Boxing. He has placed 1st multiple times and won several jackpots. He could easily fit about anyone who can ride. Great with lead changes and has an amazing extended trot, the kind judges love. Stops are big and deep, and he stays in the ground. Side passes the logs with ease, goes over the bridges and through the trail course absolutely perfect every time. He reads cattle well and does an honest job in the boxing never pushy but if you ask he'll get to one in a hurry. Tracked the roping dummy and has even steer stopped. "Cash" is such a super push button type that he will make the most timid rider confident. Outstanding opportunity to own one that can teach you everything you need to know about showing and winning. Will be shown up till sale time.

This is the horse our autistic son rides at rodeos, playdays and to check cows with his dad through wide open pastures, across creeks and through thick trees. He is the ultimate babysitter, to say the least. He has been used to team rope, drag calves to the fire or bulls out of the arena and enjoys a good old trail ride. He loves to take baths and needs zero maintenance. Since he came off the range, he's built like a tank and as sure-footed as they come. I can't say enough good things about this gelding. NOTES: This is a 7-year-old safe, sane and sound gelding that weighs 1,175 lbs and stands 14.3 hands high. We got "Soupy" in 2019 as a 4-year-old, he was well-started with a great foundation but was green and inexperienced. After a friend rode him in a feedlot for 30 days, we put him right to work on our Flying W Ranch here in the Kansas Flint Hills where he gained experience in every aspect of ranch work. Always willing and cheerful to tackle every task he has been used to drag calves, rope and doctor yearlings, cows and bulls, sort cattle and prowl hundreds of miles of pasture. Last fall he was a great partner weaning and branding on the C Punch Ranch in northwest Nevada as we used him to gather and rope hundreds of cattle in the high desert and mountains in some pretty wild and tough terrain. This is an exceptionally versatile ranch horse that can be ridden by anyone from kids to adults, to do any kind of work required. Will be shown in the ranch boxing/roping preview.

Catalog Produced by Dena Milner and the QData Catalog Builder™

Catalog information herein contained has been compiled by Robin Glenn Pedigrees' automated QData Catalog Builder system and Western Bloodstock dba Triangle Sales (the Sale Company) from information furnished by, but not limited to, the following: the QData Database, the American Quarter Horse Association, the American Paint Horse Association, the National Cutting Horse Association, American Cutting Horse Association, National Reining Horse Association, National Reined Cowhorse Association, National Stock Horse Association, National Snaffle Bit Association, Equi-Stat, Palomino Horse Breeders of America, Appaloosa Horse Club and other organizations; foreign breed & event associations and the Jockey Club Information System, as well as published public show results. Some dollar figures may be approximate. With the multiple processing of complex data and reliance upon information acquired from multiple sources, errors and omissions can and do occur despite reasonable commercial efforts to avoid them. The QData Database is not an official outlet for any organization, but merely compiles the information into one resource. Please note that the seller is sole guarantor of all such information. AQHA, Sales Management and/or the above listed associations will not be held responsible for errors, but would appreciate their being called to its attention ***upon immediate receipt of catalog***, and may be contacted at Western Bloodstock dba Triangle Sales, office@trianglehorsesales.net.

DOUBLE REGISTERED HORSES: Neither QData nor Sale Company has any way of knowing when a horse has been double-registered in two breed registries. Although considerable effort is made to determine this, neither QData nor the Sale Company will be held responsible for the knowledge or inclusion of this information.

RECENT SHOW RESULTS:

In an effort to produce pedigrees as current as is possible, QData may obtain show results and earnings from preliminary results, which may not be official at time of catalog printing. Therefore, **those placings and earnings could change**, once show results have been finalized by the show management &/or association.
